WORK EXPERIENCE

Senior Architectural Specialist Gravity Architecture & Design

(May 2024 - Sep 2024)

- Utilizing CAD, Sketchup and the Adobe Creative Suite for the development of various Hospitality based projects.
- Collaborative thought space with a focus on self sufficient deliverables
- Formatting booklets to convey thought process and design concepts.
- Utilizing 3D software to develop renders that are sent to clients.

Architectural Designer Bisbano and Associates

(Dec 2021 - May 2024)

- Working with CAD design software on a daily basis to create complete architectural drawing packages
- Experience throughout various stages of the design process from inception to completion including site visits, design development, and construction.
- Developing furniture, millwork and finish schedules to correlate with the appropriate construction documents.
- Drafting millwork details to aid in the construction process.
- Collaborating with engineers to produce security and electrical plans.
- Working with vendors to provide lighting, furniture and other equipment.
- Ensuring designs meet brand standards for large corporations.
- Site management experience; assisting facilities to ensure everything is ready to go prior to public unveiling.
- Collaborating with a team to review marked up drawings and make changes where necessary.

Operational Supervisor CW Lanes and Games

(June 2019- June 2022)

- Promoted to Operational Supervisor in 2021.
- Responsible for day to day operations at a large entertainment complex.
- Managed a team of 20+ employees.
- Addressed customer complaints and/or issues
- Responsible for company finances; making sure money was accounted for.
- Consistently maintained a positive attitude to create a warm, welcoming environment for customers.
